THE HARD START PHENOMENA IN HYPERGOLIC ENGINES

VOLUME I. BIBLIOGRAPHY

by

Yael Miron<sup>1</sup> and H. E. Perlee<sup>2</sup>

---

ACKNOWLEDGMENT

The authors want to acknowledge the effort contributed to this research by Messrs. Theodore Christos, Harry K. James, and Glen Reid, and the technical support supplied by Messrs. Bernard Rosenbaum and Carl Hohmann of the Manned Spacecraft Center, Houston, Texas.

---

<sup>1</sup>Chemical research engineer.

<sup>2</sup>Chief, Technical Support.

Both authors are with the Pittsburgh Mining and Safety Research Center, Bureau of Mines, U.S. Department of the Interior, Pittsburgh, Pa.
